

Vitarte Y18Homelift

Appreciate the artistic living space

Space planning is an important aspect of home aesthetics, as it helps us maximize the utilization of our living space, making it both more aesthetically pleasing and functional. The Vitarte Y18 series integrates elevators with home art, blending elegance into the visual experience and achieving a harmonious coexistence of spatial optimization and aesthetic beauty.

Alloy aluminum profile shaftway

High strength, corrosion resistance, oxidation resistance

5+0.76+5 Laminated Safety Glass with Enhanced Thickness

Excellent sound insulation, high resistance, and provides enhanced personal safety protection.

Steel Belt Traction

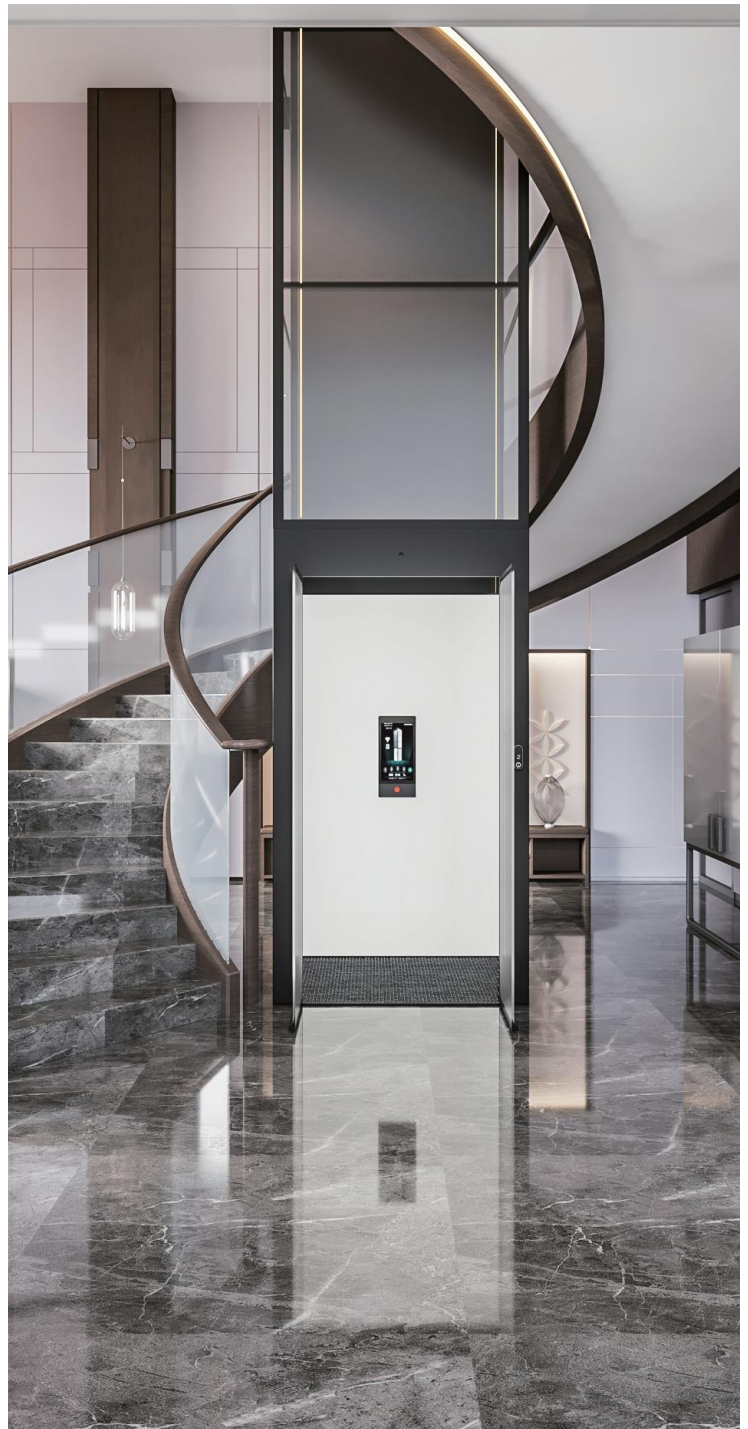

Increases traction friction, reduces traction wear, ensures smooth and comfortable rides, and is energy-saving and environmentally friendly.

Safety Frame with Touch Sensitivity

High sensitivity to avoid clothes or toys getting stuck in the elevator frame, causing damage. The touch-sensitive protective frame eliminates mechanical obstruction and has a 360° touch-free blind zone.

One-Touch Dialing

Dial numbers directly, supporting manual dialing without being limited to pre-stored numbers for greater convenience. In case of emergencies, you can select and dial either a landline or a mobile phone from the contact list.
